Overview

A.M. Communications Solutions, Inc. is a women-owned small business offering communication and entertainment solutions for hospitals and commercial spaces. Since 1999, we have provided expert consultation, installation, and support with a commitment to quality service and competitive pricing.

Our solutions:

- Low-voltage television systems, displays, digital signage, and monitors (PDi, LG, Samsung, HCI TV, BrightSign, Tru-Vu)
- Signal distribution, including RF and IPTV headends
- Nurse call (Cornell, Curbell, Crest)
- Education and entertainment (DIRECTV, DISH, SWANK Motion Pictures, and more)
- Mounting solutions (peerless-AV, GCX, Crimson, Lucasey)
- Security cameras (Digital Watchdog, Verkada)

Work with A.M. Communications Solutions, Inc. because of our:

- Expertise in low-voltage television systems, as well as RF and IPTV headends.
- Comprehensive understanding of the technological needs of medical care facilities, ranging from dialysis centers to major hospital networks.
- Specialization in patient entertainment and education, in addition to an array of content providers.
- Highly collaborative approach to working with our vendors, especially our partners at PDi Communications Systems, Inc.
- Over twenty years of experience selling to government entities, including installation and servicing.
